Vol. V, No. 1

Thursday, September 1, 1977

This is the first issue of a weekly campus newsletter for students, faculty and staff. It is published by the Public Relations Department on each Thursday morning during the college year—except during vacation periods or between semesters.

The deadline for each issue is Monday Noon. Please plan ahead for any announcements and be certain that they are in the Public Relations Department by Monday Noon.

As a rule, an announcement will only appear once. If it is of vital importance or because of a change in basic facts, it will be carried an additional week if there is room in the newsletter.

## ATTENTION—INTERNATIONAL STUDENTS

We want to get to know you! At your convenience, please stop by the Office of the Associate Dean of Student Affairs, Room 155, Holloway Hall, just to chat or to get your questions answered. We want to help make your stay on campus and in our country an enjoyable and rewarding experience.

The National Association for Foreign Student Affairs (NAFSA) has created a program to provide an opportunity for foreign students to signify their interest in employment to companies or institutions which offer employment in their home countries.

The Home Country Employment Registry is located at the NAFSA office in Washington, D.C. About 300 employers in the United States or abroad have requested copies of student biographical data cards. The Task Force which oversees the Registry consists of representatives from NAFSA, College Placement Council, Exxon, General Electric, Proctor & Gamble, Louisiana State University and Cornell University.

Foreign students who are juniors, seniors or graduate students and are interested in employment in their home countries are eligible to participate in the Registry. All you need to do is fill out a bio-data card available from the Office of the Associate Dean of Student Affairs or from the Career Development Office, Room 151, Holloway Hall. Information on the bio-data card will be sent only to employers with bona fide positions to fill. The service is available at no charge to foreign students. While employment opportunities are offered in many countries, there is currently a high level of interest by employers in students from Iran, Venezuela, Brazil, Japan, and the Republic of China.

Our annual Fall Convocation has been scheduled for Tuesday, September 20, 1977 at 3:30 p.m. in Holloway Hall Auditorium. Faculty members are encouraged to participate in their academic regalia and will assemble at 3:15 p.m. in the Social Room, Holloway Hall.

Please join with us in making this, our first program of the academic year, a successful one.

## INTERNATIONAL FILM: HEARTS AND MINDS

The College Center will be presenting *Hearts and Minds*, the Academy Award winning feature documentary produced by filmmakers Peter Davis and Bert Schneider on Monday, September 19, in Devilbiss Science Hall Auditorium at 7 p.m. *Hearts and Minds* masterfully examines the American consciousness that led to our involvement in Vietnam. It is an incredibly powerful and fast-moving film. The filmmakers deftly probe for logic behind military actions that devastated one society and polarized another. This film is an extraordinary and controversial documentary, drawing upon historical record and incorporating interviews photographed specifically for the project. *Hearts and Minds* includes exclusive interviews with General William Westmoreland, former Secretary of Defense, Clark Clifford, Senator William Fulbright, and Walt Rostow. Daniel Ellsberg gives his unique perspective on the war. The film was two years in the making, with filming on three continents and a cast of leaders and followers, victims and perpetrators, the strong and the weak.

## NEED ACADEMIC COUNSELING?

Academic Counselors are available  
Time - Wednesday & Thursday  
4:30 p.m. - 7:00 p.m.  
Dates - September 7 through

Be sure to see this great local show. It features this week film clips from Saturday's Randolph-Macon game, some interesting instructional film on how to play the game of football, a preview of SSC's upcoming game and an interview with a local high school coach.

## HOSPITAL DEDICATION

SSC staff, faculty and students are invited to the dedication ceremonies at the new Peninsula General Hospital Medical Center on Sunday, September 18, at 2 p.m. Acting Governor Blair Lee and high officials from Delaware and Virginia will participate, as well as local officials and dignitaries. The formalities and ribbon-cutting will be on the grounds at the front entrance. In the event of rain this part of the program will be held at Parkside Senior High School.

After the formal program there will be guided tours. This will be the only opportunity to see some parts of the Medical Center which will be inaccessible after patients move in.

Refreshments will be served.

## DANFORTH GRADUATE FELLOWSHIPS

Seniors with outstanding academic records and an interest in a career in college teaching should inquire very soon about application procedures for Danforth Fellowships. A local screening and nominating committee will meet during October to interview applicants and nominate one or two individuals for consideration by the Foundation. The Graduate Record Examinations must be taken on October 10 or December 10 (application deadlines are September 19 and November 9).

Interested seniors should contact Dr. William F. Standaert, DSH 140, in the Biology Department, as soon as possible.

## THEATRE PRESENTS STAR SPANGLED GIRL

The Salisbury Summer Theatre will revive its production of Neil Simon's *The Star-Spangled Girl* for those who missed it this summer. Due to sell-out crowds during the summer run of the show, as well as the many new students on campus, the demand for the show has dictated another series of performances. This hilarious comedy will be presented on Friday, September 16 through Sunday September 18 at 8:30 p.m. in Holloway Hall. Ticket prices are still \$3.00 for the public and \$1.00 for students and faculty. Tickets may be reserved at extension 498 or at the box office located in the lobby of the backstage in Holloway Hall. The box office is now open from 1 - 5 p.m. daily.

## CONFERENCE ON WRITING TO BE HELD

Why can't students today write as well as their predecessors in the classroom? Because they haven't learned to "think on paper," according to a nationally recognized writing expert who will speak at the college Saturday, October 1.

Dr. A. D. Van Nostrand, chairman of the English Department at Brown University and director of the Center for Research in Writing, will address English teachers from throughout the Maryland Eastern Shore at the college's Sixth Annual School-College English Conference in Devilbiss Hall.

In his keynote address to the conference Saturday morning, Dr. Van Nostrand will explain his radically new program for teaching English composition to high school and college students.

The Van Nostrand theory, called "functional writing," attempts to teach students to think on paper through a meticulous series of exercises which help them organize their thoughts and develop their topics thoroughly prior to the initial draft of any writing assignment.

The conference, sponsored by the SSC English Department, also will hear a variety of local and area speakers. Tony Whall and Polly Stewart Deemer of the English Department will participate in a panel discussion of "New Techniques for Teaching English Composition."

Leo Engler and Duane Nichols, of the SSC English Department, will participate in a panel called "The Role of Language Structure in Teaching Composition."

Mary Gay Calcott and William Zak of the English faculty will be on a panel on "Learning to Write About Literature."

The conference scheduled from 8 a.m. to 2 p.m. Saturday is open to the public as well as to high school and college English teachers throughout the Eastern Shore. Those wishing to attend may contact the SSC English Department or register on the day of the conference in Devilbiss Hall.

## ELECTRICAL SHUTDOWN

The new College Center is nearing completion and it is necessary to turn off all electricity on the campus in order to connect the Center to the major campus electrical system.

This electrical outage is tentatively scheduled for October 8, 1977. The outage will begin about 7:30 a.m. and last for approximately 8 hours until about 4-5 p.m. Should the job be finished in less time, the electric service will be restored earlier.

## INTERNATIONAL FILM Harold Lloyd in *THE FRESHMAN*

The second feature film of the International Series, sponsored by the College Center and to be shown in Devilbiss Auditorium Monday, September 26th, at 7 p.m. is Harold Lloyd's "classic" silent comedy, *The Freshman*. Film critic Donald McCaffrey considers Harold Lloyd and Buster Keaton, to be the "major perfectors of the feature comedy" in that period of American cinema which James Agee has called "Comedy's Greatest Era." And *The Freshman*, McCaffrey believes, represents "Lloyd's best use of the motion picture medium for comedy effects." Lloyd's unlikely task in the finale of this movie, is to become a football hero; the conclusion of the film is said to contain "the funniest football sequence ever filmed." Recommended for coaches, players, and fans, young and old, male and female, faculty and staff, there's something here for everyone!

## EDUCATION DEPARTMENT NOTE

Interested in student teaching, insurance benefits, informative education-related lecturers, and the opportunity to exchange education philosophies? If so, then come to the first 1977-78 meeting of the Student National Education Association (SNEA), Thursday, September 29, 1977, at 4:30 p.m. in Holloway Hall, room 102. The agenda will include preparation for the Education Department faculty-student social, in addition to discussion on upcoming speakers, films, and workshops. Membership forms will be available at the meeting. SNEA is open to all undergraduate students, so get an edge on the teacher-job market now!

## A REMINDER!

Any faculty who have not yet joined our Speakers' Bureau and wish to do so, please contact Wayne Fox, Public Relations Director, in Holloway Hall.

It is a public relations feature of our college and no charge is made to the groups requesting speakers. It is a goodwill gesture on the part of our speakers, who wish to enhance the image of the college and themselves.

Our first engagement was last week when Dr. John Zweig spoke to a group of "over-eaters."

## LIBRARY ANNOUNCEMENT FOR FACULTY

At the request of the Wicomico County Board of Education procedures for borrowing films from their collection have been arranged to establish a more efficient working relationship.

All Salisbury State College requests for loans of films will be made through a single central coordinator. The sole exception will be the student teacher requests which are made through the appropriate host school's procedures. Mrs. Constance Sickmund, reference librarian, Blackwell Library, has been designated by Dean Page as the individual on campus to contact. Direct requests from individual faculty members and students will no longer be processed by the Board of Education.

Current (1976) subject lists of films are available in Blackwell Library and new ones will be sent as soon as compiled. Borrowers, however, are reminded to consult the other film catalogs first, for example those from Enoch Pratt, State Media Services Center, Eastern Shore Regional Library, etc. because the Board of Education Collection is designed specifically for use in public schools, and Salisbury State College borrows with the understanding that our reservation may be cancelled at any time if the film is needed in the school system.

## SUMMER STIPENDS

The National Endowment for the Humanities has announced that competition for their summer stipends for 1978 is open. The stipend is for \$2,500 for two consecutive months of research for college and university teachers. The work proposed may be a study of research within the applicant's special areas of interest or it may be in some other area that will enable them to understand their own field better and enlarge their competence. If any faculty member is interested in applying for the summer stipend, please drop by the Academic Dean's Office for further details. The application deadline is October 17, 1977.

Many months ago someone on campus borrowed an automatic electric stapler (Swingline 66-A) from the Academic Dean's Office. To date this stapler has not been returned and we are in much need of it. I would greatly appreciate all offices taking an inventory to see if this stapler might be in your possession and you do not know to whom it belongs.

## MEETINGS PLANNED

All Chemistry and Physical Science Education majors are requested to contact Mr. Forney's office in DSH 328, or call extension 383, to discuss spring semester programs.

Physical Science Department seminars are scheduled for Thursday, October 6 at 4 p.m. in DSH 322. Logan Simpson will speak on "Alpha, Peroxylacetones as Intermediates in the Bioluminescent Process."

## ACT NEWSNOTE

Now SSC serves as a test center for ACT-PEP (ACT Proficiency Examination Program)! Interested students can opt to take one of several tests which test their knowledge in a particular area. A passing grade will earn credit for an equivalent course at SSC, or other institutions. The next test date is November 3-4, 1977. Registration closes October 14, 1977. For more information, contact Alison Mascalo, Counseling Services, Room 151 Holloway Hall, extension 234.

## WHO IS SSC STUDENT? GROUP SEEKS ANSWER

Would you believe that SSC is about to find out who its students are!

Sound crazy? Well, maybe. But it may pay off in dividends. Finding out what makes an Eastern Shore student "tick" may lead to better student-faculty relationships and enable the college to do a better job in teaching.

Dr. Phil Bosserman, chairman of the Department of Sociology and Anthropology, is enthusiastic about the conference. "We're proud of our Eastern Shore, known for its chicken farming and crab and oyster harvesting. We want to better understand our own natives as well as our students who hail from cosmopolitan areas. We're seeking better understanding in order to relate more effectively."

He continued: "To help us in this study, we have set up a four-day conference and invited an expert to help us who is known throughout North America for his knowledge of youth culture."

"Dr. Edgar Z. Friedenberg, professor of sociology at Dalhousi University in Nova Scotia, Canada, will spend four days with us, observing, leading discussions with random students and faculty and helping us to arrive at some conclusions," Dr. Bosserman added.

The general public will have an opportunity to both hear Dr. Friedenberg speak and to observe Salisbury State's attempt to analyze its own students. This will come on Monday, October 10, in Holloway Hall Auditorium, when panels will react to the speech and rebuttals will be scheduled.

The entire program has been arranged through Salisbury State College's Committee on Issues and College Teaching. Dr. Bosserman is chairman of the committee.

## TRANSCENDENTAL MEDITATION DISCUSSION

There will be an introductory discussion for anyone interested in joining the Transcendental Meditation Program at SSC, on Wednesday, October 12 at 7 p.m. in room 302 Devilbiss Hall.

The program is sponsored by the SSC Students' International Meditation Society. Faculty and staff, as well as students, are invited to attend.

The History/Political Science Club will be co-hosting with the 2nd Maryland Regiment, the reenactment of the Civil War Battle of "Gaines's Mill" on Sunday, October 9th, on Athol Road near Mardela Springs, Maryland.

Authentic campsites will be open to the public beginning at 12:30 p.m. with Cavalry, Infantry and Artillery demonstrations starting at 1:30 p.m. Authentically-uniformed reenactors from at least 13 states, including Florida and Michigan, will move into position at 2:00 p.m. as Mr. Branche Phillips narrates the maneuvers and the significance of the battle for the benefit of the public.

Ample parking for a \$1.00 donation has been provided adjacent to the battlefield and members of the Club will be on hand to assist with the traffic flow. Special parking and viewing areas have been provided for the handicapped. There is no charge for the reenactment.

Concession, part of which will be supplied by SSC's "Circle K", will include drinks, ice cream, hot dogs, popcorn and oyster sandwiches.

An added attraction this weekend will be the Double Mills Grist Mill which will be open and operating on Saturday, October 8, from 10 a.m. - 4 p.m. and on Sunday from 11 a.m. - 1 p.m. This is the only fully water-powered mill that is operational in the area. There is no admission charge, but freshly ground meal and hominy will be on sale.

Note: History/Political Science majors may pick up their "Complimentary" parking tickets in Holloway Hall, room 380, today and Friday.

#### SNEA BRIEF

The Student National Education Association (SNEA) will be sponsoring a social, Tuesday, October 11, 1977, beginning at 5 p.m., in the third floor South Lounge of Holloway Hall. Faculty members of the Education Department will be on hand to answer any questions and refreshments will be served. All undergraduate students are encouraged to attend.

#### PERSONNEL NOTES...

Attention — 35 1/2 hour employees Wednesday, October 12, is a State holiday in honor of Columbus Day. The college will be open; if you cannot take the holiday on that day, reschedule it with your supervisor's approval.

#### IMPORTANT FACULTY AND STAFF REMINDER!!!

Tuberculosis screening is REQUIRED for all staff and faculty this year! The tine tests are easily and quickly administered at no charge. If you are unable to take these tests due to a positive reaction, the Health Center staff will be happy to schedule a free x-ray for you.

#### "EXCUSED" ABSENCES

Some professors have included in their written absence policy a statement that the student must present a written excuse from the Health Center attesting to the student's illness. Other professors have indicated they will need certification from the Office of Dean of Students that the absence is officially "excused." Mrs. Rickert has informed the Academic Dean's Office that the Health Center no longer issues excuses of any kind which relate to class attendance and has not issued them for several years. Likewise, Dean Audrey Stewart indicates that her office does not issue "excused absence" statements either. She says that occasionally the Dean of Student's Office will be advised that a student will be absent for some reason, and that information is passed along to the professors. But it is not a "certificate of legal absence." The Dean of Student's Office simply cannot check out all of them to verify their authenticity.

Absences of any nature are matters to be worked out between the professor and the student. There is no office on campus permitted to grant "excused" absences.

#### JAYCEE MEETING TONIGHT

The Collegiate Jaycees of SSC will hold an organizational meeting tonight (Thursday) in room 204 of Holloway Hall. All interested male, full-time students, 18-35 years old are eligible.

Who are Jaycees? Jaycees are an integral part of their community. As a nationwide young men's organization they have the clout to accomplish major projects. They sponsor shopping sprees to give underprivileged children a chance to buy Christmas gifts; they stage special olympics for mentally retarded children; they give aid to the elderly and needy. The list is endless.

Attend the meeting tonight in HH 204.

## EVALUATION VISIT SET

A State Evaluation Team from the Maryland State Department of Education will be visiting our campus November 2, 3 and 4.

The purpose of this visit is to review all Teacher Education programs using the N.A.S.D.T.E.C. (National Association of State Directors of Teacher Education and Certification) standards and guidelines. Currently, Salisbury State College has approved Teacher Education programs in the following areas: Art, Elementary, English, History, Modern Languages, Mathematics, Music, Physical Education, Science (Biology, Chemistry, Physical Science), Social Studies, and Speech Arts.

The approved program approach to Teacher Education is in effect in most states. It involves: (1) the development of programs in Teacher Education by an institution in accordance with the established standards, (2) the official review and evaluation of each of the proposed institution programs in terms of the established standards and procedures by the State Education agency and the subsequent approval of programs if the standards are met, and (3) the understanding that the teacher candidate, upon successful completion of a program thus approved, will be entitled to certification by the State Education agency.

This evaluative process occurs every five years and provides our Education graduates certification reciprocity for approximately forty states.

# HAVE A ☺ HAPPY DAY!

As the state agency responsible for regional educational opportunities, the State Board for Higher Education has selected 22 out-of-state graduate programs—including Education of Visually Impaired Children, International Business Studies, Physical Therapy, and Marine Law and Science—for Maryland residents to enroll at in-state tuition rates through the Academic Common Market, a project of the Southern Regional Education Board (SREB).

The Common Market, which was formed as a sharing vehicle for Southern states, increases accessibility and discourages duplication of highly specialized and often expensive graduate programs. Twelve states are currently participating in the arrangement: Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, South Carolina, Tennessee, Virginia and West Virginia.

There are only two requirements for qualification: acceptance for admission in a program offered through the Academic Common Market, and proof that one is a legal resident of Maryland.

Programs available at in-state tuition rates for Maryland residents are:

PROGRAM	DEGREE	INSTITUTION
Ceramic Engineering	Master of Science Master of Engineering	Clemson University

Dr. John Caputo, well known Existential philosopher from Villanova University and author of numerous books and articles, will be a visiting professor at SSC and UMES on November 7 and 8.

On Monday evening, November 7, he will deliver a lecture entitled, "Ecstasy of Time" at 8 p.m. in the new Student Cultural and Development Center at UMES. Transportation will be provided for anyone who wishes to attend. Cars will leave from Holloway Hall parking lot at 7:30 p.m. This lecture is for faculty, students and the general public. The second lecture will be more technical in nature but interested faculty and students are invited to attend. This lecture is entitled, "Husserl's Transcendental Phenomenology and the Problem of Idealism" and will be held in Holloway Hall, room 101 on Tuesday at 3:30 p.m.

## ART LECTURE & WORKSHOPS (Open to the Public)

## DC THEATER TRIP

Tickets are now on sale for the Folger Theatre Group's November 17th performance of David Hare's *Teeth 'N' Smiles*. The story deals with a late '60's British rock group whose lead singer, Maggie, is on the way down for the third time. Having moved through drugs and sex to Scotch, Maggie has her last stand on the night of June 9th, 1969 at the Cambridge College May Ball. Is this the English version of the Janis Joplin story, or does David Hare want us to compare the passing of the Swinging Sixties to the sinking of the Titanic?

Get your ticket at \$4.00 (or \$6.00) each at the CCPB Office and ride the free coach bus to Washington, and find out. Departure time is 11:00 a.m. on November 17th. (On November 14th, tickets not sold to students may be purchased by faculty and staff.)

## AUDITIONS

Tryouts for the Reader's Theatre production of *The Good Doctor* by Neil Simon will take place November 6-9 (Sunday through Wednesday) between 7 and 9 p.m. in the Social Room of Holloway Hall.

The play is adapted from stories by Anton Chekhov and will be performed in a style requiring only a modicum in technical assistance to suggest time, place, and characterization. For Reader's Theatre, the text is the action; it attempts to bring the author's work alive in the mind of the audience, focusing their attention directly on its creation. Thus, Reader's Theatre, as an art form, is a hybrid, with roots in both oral interpretation and conventional theatre. It combines the best of both these mediums, but is not limited by the conventions of either.

Performance dates for the production will be December 9th and 10th on the Holloway Hall stage.

## PRE-REGISTRATION FOR EDUCATION CLASSES

Students who intend to enroll in education classes in the spring semester must pre-register for those classes during the week of November 7-11. Completed schedule forms should be taken to a table in the main hall of Caruthers between the hours of 12 and 3 any day of that week. After the schedules have been approved by the Education Department, they are to be taken to the registrar.

## SSC CONCERT BAND

All students with instrumental music experience are invited to join the Salisbury State College Concert Band for the second semester. The concert band rehearses on Monday and Wednesday from 4:15 to 5:15 p.m. It is necessary that the complete instrumentation of the band be known prior to the beginning of the semester. If you are contemplating membership, please contact Mr. Charles F. Smith in the Music Department or at extension 451.

## TEMPORARY ADDRESS

Dr. Edmund Delaney, chairman of the Psychology Department, reports his temporary address as: R. R. 2, Box 263, Delmar, Delaware 19940. Phone 846-9981.

## THEATRE PRESENTATION

*A View From the Bridge*, Arthur Miller's searing drama, is currently in rehearsal, and will be presented by the Salisbury State Theatre on November 4, 5, 10-13, at 8:00 p.m. in Caruther's Hall auditorium.

The play is a gripping story of psychological suspense, starring Wayne McCoy as Eddie Carbone, Becca Bandiere as Catherine, Janice Goldberg as Beatrice, Dr. Tony Whall as Marco, Gary Weber as Rudolpho and Charles Deemer as Alfieri. The rest of the cast includes: Mark Griffin, Mike Goldsmith, Jay Lind, Woody Dykes, Joe Mancuso, Mark Leonard, Ralph Puccini, Sandy List, John Glassman, Mitzi Myers, Maria Georgo, Mike Opdyke and Robin Seidel.

The play, which is being directed by Dr. Leland Starnes and designed by Mr. Robert Cloyd, concerns itself with the life of a longshoreman's family in Red Hook. It is a moving and emotional production, that will grab the audience and totally involve them in the experience. Tickets may be purchased at the box office.

## FOOD DISCOUNT

Roy Rogers is offering ten percent discounts and free cokes to all students, faculty and staff with purchase of platters. ID is required and the offer is good until next May.

## PEACE PILGRIM HERE

An elderly, silver-haired woman who has walked 25,000 miles on foot in the interest of peace, will be on our campus November 15 and 16. She will be dressed in navy blue slacks and shirt, and a short tunic with pockets all around the bottom in which she carries all her worldly possessions. It says, "PEACE PILGRIM" in white letters on the front of the tunic and "25,000 MILES ON FOOT FOR PEACE" on the back.

She has finished walking those miles, but she continues to walk, for her vow is: "I shall remain a wanderer until mankind has learned the way of peace, walking until I am given shelter and fasting until I am given food." She walks without a penny in her pockets and she is not affiliated with any organization. She speaks to individuals along the way, to groups in cities, through the medium of the news services. She points out that this is a crisis period in human history, and that we who live in the world today must choose between a nuclear war of annihilation and a golden age of peace."

The Peace Pilgrim will speak to a general audience on Wednesday, 16 November at 7:30 p.m. in Devilbiss Auditorium.

For those Salisbury State College Faculty, Administrators, employees and a number of students who are not yet members of the Blood Bank of the Eastern Shore, a membership application appears below.

You can join the Blood Bank for \$2.00. That's the initiation fee and the first year membership dues. Dues are \$1.00 a year thereafter.

The Blood Bank of the Eastern Shore is a neighbor-helping-neighbor, non-profit organization.

This Blood assurance program is one big bargain. Why not clip the application below, fill it out and join today. Brochures and applications are also available in the library and health center.

Rowan has served under both the Kennedy and Johnson administrations, as a member of the National Security Council, and later as director of the United States Information Agency.

He has been a strong supporter of the NAACP, and National Urban League, and other civil rights groups and he was publicly credited by the late Dr. Martin Luther King with saving the Montgomery bus boycott.

## CHRISTIAN SCIENCE NEWS

A Christian Science campus counselor serves on a volunteer basis at colleges and universities near his home. They welcome conversations with people in the academic community about their interests and needs and the possible helpfulness of Christian Science in their lives. According to the counselor, the approach is one of friendly interest and idea-sharing. "It's an approach in which love of God—of all that is good—embraces every particular of one's thought and relates all parts to the whole. In no sense is there a narrowly religious or denominational slant. Life is too big for that", the counselor points out.

## WELCOME!

A hearty welcome is extended to two new faculty members who started teaching on campus this semester. They are Dr. Natalie Hopson, assistant professor of psychology and Mary Turner, associate professor in nursing.

The first collection of work by Western Maryland artists to tour the state is being exhibited at Blackwell Library's Gallery.

Organized by H. Paul Kotun, director of the Washington County Museum of Fine Arts in Hagerstown, the exhibition is being circulated by The Baltimore Museum of Art to locations throughout the state.

Entitled "Western Maryland Artists: A Baker's Dozen," the show includes 26 works by 13 artists representing a diverse sampling of styles and media. All of the artists represented live in the western part of Maryland, and many of the realistic pieces convey the beauty the artists find in their immediate surroundings.

The exhibition is made possible through grants from the Maryland Arts Council and the National Endowment for the Arts, Washington, D.C.

## GERMAN FILM DIRECTOR ON CAMPUS

Wim Wenders, the most exciting film director to come out of Europe in recent years, will show one of his recent films for the first time in the United States when he visits Salisbury State next week.

The SSC visit is one of only a dozen stops Wim Wenders will make on his U.S. tour. The visit will take place March 27-29, when three of Wenders's films will be shown on consecutive evenings in Holloway Hall, with the director commenting on them following each show.

The film to be viewed for the first time will be *The Wrong Move*, made in 1975 and updated to the 20th Century, based on Goethe's *Wilhelm Meisters' Apprenticeship*.

Wim Wenders belongs to a new generation of German filmmakers. In a particular way, however, he especially reflects in the 1970's a vitality akin to the exuberance of the New Wave in France of the 1960's.

Wenders was born in Dusseldorf on August 14, 1945. He studied medicine and philosophy before turning to cinema in 1967, the year he entered the Academy for Film and Television in Munich. Besides making films, he has written film criticism for *Filmkritik* and the *Suddeutsche Zeitung*. He has also written music criticism on Rock'n'Roll, and the influence of rock music especially carried over into his early films. Rock 'n' Roll led me to everything, Wenders stated in an interview with Jan Dawson. "It led me to film-making. Without Rock'n'Roll, maybe I would be a lawyer now. And a lot of people would be somebody else."

In recent years, Wenders made a trilogy of films that more than established his credentials as a unique and outstanding filmmaker: *Alice in the Cities*, 1974; *The Wrong Move*, 1975; and *Kings of the Road*, 1976.

In his notes for the 20th London film Festival in 1976, Brian Baxter called *Kings of the Road* "the director's most ambitious and successful work."

Jim Welsh, assistant professor of English, who is responsible for Wenders' visit at the college, says "This will be an unusual opportunity to see three substantial recent films from Germany and to meet a directing talent who is likely to become one of the preeminent filmmakers of the 1970's.

### WELL-KNOWN CRITIC HERE

Leslie Fiedler, one of the great critics of American literature in this century, will appear on the SSC campus at 8:00 p.m. on April 9th in the Social Room of Holloway Hall.

As the second annual Lambda Iota Tau lecturer, Professor Fiedler will speak on "The Attack on Violence and the Fear of Art." Co-sponsored by Lambda Iota Tau and by the Department of English, his lecture will mark the induction of new members into SSC's honor society for students of literature. All members of the college community and of the general public are cordially invited.

Leslie Fiedler has taught literature all over America and Europe and has written for magazines that range from *Partisan Review* to *Playboy* to *Ramparts*. Currently, Samuel L. Clemens professor of English at SUNY-Buffalo, he is the author of over 17 books and hundreds of essays, articles, reviews, stories and poems. His major critical work, *Love and Death in the American Novel*, explores "the gothic, picaresque, and sentimental traditions of fiction in a perspective both mythic and social" (LHUS). Disconcertingly entitled *Freaks*, his latest book is, as one reviewer put it, a "bestiary of Giants, Dwarfs, Hermaphrodites, Dog-Faced Boys, Fat Ladies, Living Skeletons, Zoophageous Geeks, Mutants, Androgynes, Bearded Women, Feral Children and Siamese Twins. These human anomalies for Fiedler symbolize 'otherness,' the theme of most of his work."

Don't miss this opportunity to hear Leslie Fiedler. English Department members say, "Whatever his topic, you can count on his saying something out of the ordinary."

### AWARDS AVAILABLE FOR POSTDOCTORAL RESEARCH

The Department of Labor is announcing a number of awards for postdoctoral research. The research is "to support and encourage research analyzing data from the National Longitudinal Surveys (NLS) that is likely to have significant implications for employment and training policies and programs."

If you would be interested in reading further about these awards, drop by the Academic Dean's Office.

## DICK GREGORY TO APPEAR ON CAMPUS

Political Activist Dick Gregory will appear at Salisbury State College's Holloway Hall Auditorium on Saturday night, April 8, it was announced today. Sponsor is the SSC Black Student Union. Admission is free.

It is difficult to label the prolific activities of Dick Gregory. He became famous as a professional comedian. Today he is a recording artist, author, lecturer, actor, human rights activist, social satirist, critic, philosopher and political analyst, who is heralded as combining all of these roles to serve the cause of human liberation and to alleviate human suffering brought on by ignorance and apathy.

Dick Gregory was born in the black ghetto of St. Louis, Missouri. While in high school, he became a state champion in track and field, and later expanded his honors on the track at Southern Illinois University in Carbondale, Illinois. He entered the entertainment field and rose quickly to the top, once more becoming a "champion" in American society. But society's definition of success was not in line with Dick Gregory's moral passion. As he has described it, "The real champion, I have come to understand, is the man who has risen to the crest of life's highest purpose—singular and complete devotion to serving one's fellow man." Dick Gregory has ardently pursued his definition of "championship" by doing the things he does best—making people laugh, making people listen and, ultimately, helping them understand one another.

During the civil rights movement of the 1960's Dick Gregory participated in every major (and most minor) demonstration for human rights in America. He devoted his time and talent to giving benefits for civil rights groups, peace groups, and other clusters of people devoted to human liberation. And though, ironically, the doors he had opened in the entertainment industry began to slam in his face, he did not compromise with his ideals and his vision of a liberated humanity living together in peace.

His participation in the struggle for human dignity cost him over a million dollars in cancelled bookings, travel expenses and legal fees. He found himself behind prison bars many times, twice serving 45-day sentences—once in Chicago as a result of his daily demonstrations protesting de facto segregation in the Chicago public school system during the entire summer of 1965, and again in the state of Washington as a result of his demonstrating with the Niqualy Indians in their demand for full participation in American society.

In 1967, Dick Gregory formally entered politics, but typically in his own way and on his own terms. He ran as a write-in independent candidate for President of the United States. He lost that election, but on March 4, 1969, his supporters inaugurated him President of the United States in Exile in a ceremony in Washington, D.C., which included an oath of non-

office, an inaugural address and two inaugural balls.

Dick Gregory the recording artist has many albums to his credit, the most recent having been recorded on the Poppy label, a division of United Artist. *The Light Side/The Dark Side*, *Dick Gregory On*, *Dick Gregory's Frankenstein*, *Dick Gregory Alive at the Village Gate*, *Dick Gregory at Kent State* and *Dick Gregory Caught in the Act*.

He has written nine books, including his autobiography *Nigger*, *The Shadow that Scares Me*, *No More Lies: The Myth and the Reality of American History*, *Dick Gregory's Political Primer*, *Dick Gregory's Natural Diet for People Who Eat: Cookin' with Mother Nature*, *Dick Gregory's Bible Tales with Commentary*, and *Up From Nigger*.

The Fulbright Program advisor announces that a deadline is approaching for graduate study grants competition.

The Institute of International Education says that the official opening of the 1979-80 competition for grants for graduate study or research abroad, in academic fields and for professional training in the creative and performing arts, is scheduled for May 1, 1978. It is expected that approximately 500 awards to 50 countries will be available for the 1979-80 academic year.

The purpose of these grants is to increase mutual understanding between the people of the United States and other countries through the exchange of persons, knowledge and skills.

Preference is given to candidates who have not had prior opportunity for extended study or residence abroad.

COLLEGE TO HONOR  
STUDENT WRITERS

On Monday, April 24 at 7:30 p.m. in the Social Room of Holloway Hall, the college will hold the sixth annual Writer's Day ceremonies at which it will honor and reward excellent creative writing from Salisbury State College students as well as from Eastern Shore high school students.

This year's guest poet and speaker is Josephine Jacobsen, a Maryland author of several books of poetry and scholarly studies of contemporary drama and poetry. In addition to her writing, Mrs. Jacobsen served for four years (1971-75) as poetry consultant to the Library of Congress. Her latest volume of poetry, *The Shade Seller*, was nominated for the National Book Award.

Known as an intensely committed, yet entertaining poet, Mrs. Jacobsen will read from her own work and talk about the creative process. All writers, readers, and lovers of literature will enjoy hearing what a poet does and how she does it.

Mrs. Jacobsen's presentation will follow the awarding of prizes and commendations to high school and college students who have been selected from among hundreds of entrants for recognition of their superior creative writing achievements.

The public is cordially invited to attend the ceremony.

### THE SALISBURY STATE COLLEGE CONCERT BAND

On Sunday, April 23, 1978 at 4 p.m. in the Holloway Hall Auditorium, the College Concert Band will present a program of original band compositions and several selections from the orchestral literature which have been arranged or transcribed for the wind band.

The original literature includes Sousa's "Hands Across the Sea" march and another of this idiom, "March of the Belgian Paratroopers" by Pierre Leemons. The tonal colors and moods found in wind band expression are captured in Leland Forsblad's contemporary composition, "Cameo, Collage, and Portrait." A special presentation will be the performance of Frank Beniciscutto's exciting musical portrayal of the Statue of Liberty, entitled "Lamo of Liberty."

In the selections representing music originally conceived for the orchestral medium, the music listener will find the diversity evident in the wealth of musical styles in our society. The Classical and Romantic eras of musical composition are represented respectively by Beethoven's "Egmont Overture" and Faure's Introit and Kyrie from "Requiem, Op. 48." The genius of George Gershwin is found in a medley of six Gershwin favorites arranged for band by the gifted Robert Russell Bennett. An especially appropriate selection is an arrangement of the original composition and motion picture score by Neil Diamond, *Highlights from Jonathon Livingston Seagull*.

Mr. Charles F. Smith, Jr., director, and the fifty-one members of the band respectfully request your attendance at this spring concert which culminates their activities during this semester.
